Professional Experience

2015 – present Cutler Institute for Health & Social Policy and the Maine Rural Health Research Center, Muskie School of Public Service, University of Southern Maine, Portland, ME.

Policy Associate (2017-present). Previous roles: Research Associate (2016- 2017); Research Analyst (2015-16):

Provides leadership and management to policy analysis, program evaluation, and applied research projects within the Maine Rural Health Research Center and the Cutler Institute for Health & Social Policy, including the Flex Monitoring Team and the Maine Health Access Rural Health Transformation Grants Program Evaluation. Responsible for developing and directing small to medium sized projects and for making project design, substantive, and analytic contributions to more complex projects. Activities include conceptualization of project design, identification of funding opportunities and proposal development; design and execution of methodological and analytic work plans; negotiation and management of contracts with consultants and subcontractors; identification of data sources to address rural health policy concerns; analysis and interpretation of data; and assurance of the quality and integrity of work conducted by project team members and subcontractors. Frames policy implications and disseminates project findings via presentations, policy briefs and published peer-reviewed articles. Supervises research analysts and graduate students.

2013 – 14 Muskie School of Public Service, University of Southern Maine, Portland, ME.

Graduate Assistant, Portland Public Health Cross-Jurisdictional Sharing Project: Gathered feedback from regional listening sessions. Updated data tables and charts detailing regional usage of Portland Public Health services, as well as updated town and county health care usage fact sheets. Assisted with report writing. Funded by the Robert Wood Johnson Foundation.

2013 Division of Elder Care Services: MaineHealth, Portland, ME.

Summer Intern: Developed patient listening sessions for the MaineHealth Accountable Care Organization Patient Advisory Council, including creation of session guide. Created transcripts of and prepared session discussion summaries. Drafted final report.

2012-13 Muskie School of Public Service, University of Southern Maine, Portland, ME.

Graduate Assistant, Maine Rural Health Research Center: Conducted literature review on Medicaid expansion and newly eligible populations. Collected historical and national state policy data on Medicaid waiver activity.

2006-08 **The Jewish Guild for the Blind [now Lighthouse Guild], New York, NY.**

Research Associate, Development Office: Researched prospective donors and foundations. Wrote and edited grant proposals and reports. Provided ongoing research support to the Executive Office.

Research Assistant, Executive Office: Researched new programs and healthcare initiatives and produced summary reports.
